

WAF
ANNUAL ANTI-DOPING
STATISTICAL REPORT
2022

Testing and Investigations

In 2022, the World Armwrestling Federation took a total of 78 urine doping samples. All athletes to whom urine samples were collected, have Steroidal Passport. The Athlete Passport Management Unit of the Institute of Biochemistry – German Sport University Cologne (doping control laboratory in Cologne) reviews all Steroidal Passports for which the WAF is Passport Custodian.
